

Your guide to famous SBL
Herbal Care Products

HAIR CARE | SKIN CARE | ORAL CARE | HYGIENE CARE | BABY CARE

INTRODUCTION

At SBL, we understand the importance of your holistic health care. Keeping this in mind, SBL offers a wide array of natural based medicated products to accentuate your personal care and wellness routine. These products pamper you with pure herbal extracts which are completely safe to use and would not be harsh to your skin and hair.

Since its inception in 1983, SBL adheres to most revolutionary techniques and international quality standards to produce its range of products, both homoeopathic and herbal. After creating a niche for itself in the homoeopathic market, SBL developed medicated cosmetics range on the popular demand of its doctors and customers in order to cater to the growing need of natural, safe and effective personal care products.

SBL's state-of-the-art manufacturing unit at Sikkim is equipped with the most advanced facilities to carry out production, testing and other related processes with extreme purity and precision to bring for you a completely natural range of products for your Hair care, Skin care, Oral care, Personal Hygiene care and Baby care needs.

SBL dedicates its services towards enhancing quality and providing effective and affordable personal care solutions to its customers. We continue to abide by the corporate motto: Excellence at No extra cost.

SIMILARITY BETWEEN HOMOEOPATHY & AYURVEDA

Both Homoeopathy and Ayurveda use natural raw materials, such as Herbs, which gives no side effects.

Homoeopathy has a very advanced method of processing the Herbs through a process called "Maceration" which extracts the medicinal qualities of herbs into "Mother Tincture" in liquid form which can be further diluted to give "Dilution" having unique properties.
